CAMPLIGHT (PRE-PITCHED TENTS)

If you're not one for glamping but the thought of battling with poles and pegs makes you shudder then Camplight offer just the thing for you. The team will pitch a tent and take it down again at the end of the festival, plus provide sleeping bag, roll mat and chair. Forget about the days of fighting your muddy tent back into a bag at the end of the festival whilst weeping at the thought of heading back to the real world.

As well as taking the hassle out of your camping experience you have the added bonus of doing your bit to be green, as all Camplight tents are handpicked from those abandoned at UK festivals which helps clear events and reduces waste.

Starting from £52 all camplight packages include a pre-pitched tent, sleeping bag and roll mat. Book one of our Camplight packages now.
