PARKING

To encourage car sharing and sustainable travel to the festival, plus fund further green initiatives, there will be a charge for car parking. Fill your car to split the cost, or take advantage of the range of greener ways to reach the festival. [Book your parking on our ticket page](#). Those who are getting a lift to the festival should get dropped off at our official drop-off point at Bromyard Rugby Club and catch the free shuttle bus up to the farm. Attempting to drop people off at the main festival site causes congestion and you may be asked to return back down the road to the official drop-off point.

CAR SHARE

Check out [GoCarShare](#), a wonderfully green travel scheme. Have a look at the [Nozstock](#) page for details and add your journey. Whether you are driving or looking for a lift, they will match you with someone going the same way. Score some eco-points and make some new friends. Car sharing will help reduce your carbon footprint and costs by sharing the price of the petrol and the parking charge. [GoCarShare](#) uses Facebook, so you can see if you share friends or like similar music to potential carshare buddies. It's a fun, green and cost-effective way to travel.

FREE SHUTTLE BUS

There is a FREE shuttle bus that runs from the Bromyard (Pump Street bus stop) to The Conquest Theatre car park on Tenbury Road, to the drop-off point at Bromyard Rugby Club, and then to the festival site. The service runs every 20 minutes throughout the gate opening hours of the festival, including Thursday.
